PROFESSIONAL EXPERIENCE

Baccha Party

Oct. 26, 2019 - Present

Key Skills: Project Planning

This was event which was decided and executed within 5 days.I was responsible for deciding the activities that we had,procuring the material required,planning the event and doing sales side by side.

Enterprise

June 24, 2019 - Present

Partner

Key Skills:

Public Speaking

Getting out of comfort zones

streamlined thinking

Self introspection

Networking

No overthinking and just doing

Saying no when required

Setting small small targets and achieving it.

This is one of a kind business program for under-grad students.It does not give a certificate but gives a story to tell,gives the leverage of sharing a experience,gives a chance to challenge your comfort zones and feel of this would be just so satisfying and motivating.

BSD and Enterprise

Sept. 28, 2019 - Oct. 5, 2019

Group head

Key Skills: Sales & Marketing Campaign Strategies

This is a collaboration with a Hong Kong based company named 'Build something different'.This company is into CODING.We had organized a workshop for kids.I was responsible for Sales,Keeping the data together,getting in touch with the Workshop taker's parents and designing the Marketing Campaign.

Tinker Fest

Aug. 11, 2019 - Aug. 11, 2019

group head

Key Skills: Time Management Situational Reactance

This was a event organized by a group of 4.It was planned and executed within a week.I finalized the venue and the equipment in a single meeting.I was also the part of marketing team and did sales.We made a profit which equated to our investment.

Enterprise, Regeberation

July 28, 2019 - July 28, 2019

Member

Key Skills: Interaction Design Bargaining

Found a Pamphlet Manufacturer for our event named REGENERATION DINNER.Head of the Registration desk and then was a part of the Networking session that took place at the event.

PROJECTS

Maze game

Nov. 21, 2019 - Aug. 23, 2020

Mentor: Yusuf hakim Aditya Jhunjhunwala | **Team Size:** 1

Key Skills: AutoCAD Fabricarition Onsite changes Future prediction Self -analysis

Designed and fabricated a game - MAZE

Did the design on autocad in 1 day
Went for fabrication
Checked the sample model
Did some changes. Got 10 pieces in total

Highlights -
Had the entire working game ready in 3 days
Was used by 15+ kids (aged 8-13) in our own Tinker fest
All this was happening during our college exams

Catapult

May 29, 2020 - July 15, 2020

Mentor: Prof. Shrihari Bondar Mit Wpu | **Team Size:** 2

Key Skills: Innovation Gaming AutoCAD

Catapult is a toy.
This was a mini project in my 3rd year of engineering.
Did market research
Took an existing model and found out different ways to modify it.(Electrical and mechanical)
Prepared a project report and also attached drawings to it.

Peer led workshop

July 4, 2020 - July 7, 2020

Mentor: Aditya jhunhunwala | **Team Size:** 2

Key Skills:

Leadership Teamwork Time Management Efficiency Speed Follow up Background work Thorough Research
Learning and then teaching

Workshop on USER STORIES

Within 4 days designed an entire workshop on user stories with the help of our mentor
Used a lot of technology for this.
For 2 days, I did not even know what was happening in my house.

Highlights
20 people attended
People were very happy with our facilitation skills

Sunday Game nights

April 2, 2020 - June 11, 2020

Mentor: Aditya jhunhunwala | **Team Size:** 4

Key Skills:

Creativity Priority User Experience Consistency Self motivation Market research Event Planning Strategic Planning
Dry run of the event Loophole finding

Game night is a short project started in lockdown to keep our community engaged and make sure that everyone interacted with each other

The aim was INTERACTION(also the theme of our games) and to make sure that everyone gets to know each other and form a connection. It also worked as a stressbuster

Had 2 hour meetings just to decide the game.
Spent considerable amount of time in designing user experience.
Did a mock of the game by inviting people just to find out loopholes and experiment with what all we had planned.
Did atleast 8 game nights in the lockdown
Something creative we tried

Highlights -
Self motivated project
Learnt managing people
Crisp and fun games

Yellooskye

Feb. 12, 2020 - May 31, 2020

Mentor: Aditya Jhunhunwala Yusuf Hakim | **Team Size:** 3

Key Skills: Competitive Landscape User research Social media research Data compilation and ananlysis Presentation Skills

Did 7 face to face interviews
Did cold calls to find out data
Compiled all the data on google sheets
Created charts and graphs in order to get insights from the data
Found more than 150 Social media channels on different platforms
Helped in their Social media channel

Capacitor

July 1, 2019 - July 15, 2019

Mentor: Aditya Jhunjunwala | **Team Size:** 1

Key Skills: Self-confidence

Through this I got to know how low my self confidence was and how I had to work extensively on it. The capacitor did not work but it made me aware of the things that I had to work on.

Van de Graaff Generator

June 25, 2019 - June 29, 2019

Mentor: Aditya Jhunjunwala | **Team Size:** 2

Key Skills: Reverse Engineering

Just in 4 days the model was ready. We couldn't achieve the desired result but it was a great learning experience. We had to make this for an event and had a very short deadline.

Green Room

April 30, 2020

Mentor: Aditya Jhunjunwala Yusuf Hakim Akash Bhalerao Rohini Mistry Prof. David Gould | **Team Size:** 3

Key Skills: Marketing Facilitation User experience Self-analysis Connection building Sell Scripting for hosting

Green Room - Community story sharing event

Used Agile and Scrum Methodology for working. Usually used in software and web development. We applied this to our projects. Had 3 scrums a day to check status and have we achieved our targets and what all needs to be done the next day.

Achieved a lot of sales through this.

Churned out the fear of calling, marketing, selling through this process.

Facilitated the event as well. Wrote scripts. Related to the speaker stories by speaking out our stories.

Made a lot of new connections through this.

Highlights -

Made 10-15 new connections (from all parts of India)

Connected to Professor DAVID GOULD of University of IOWA, USA. In regular touch with him

ACHIEVEMENTS

- Secured 95.2% in 10th Standard
- Scored 99/100 in Sanskrit
- Secured 83% in 12th Standard
- State level basketball player
- 9.21 CGPA till 3rd year
- Felicitated for securing the maximum marks in 12th grade in our community

SEMINARS / TRAININGS / WORKSHOPS

F5 Vehicle Building

Nov. 19, 2018 - Nov. 23, 2018

Institute Name: Elite techno groups

Key Skills: SolidWorks Vehicle Dynamics Reverse Engineering

We designed and made this vehicle within a span of 5 days. I was a part of Chassis, Aesthetics And the Business Presentation team. I myself made the model on Solidworks.

CO-CURRICULAR ACTIVITIES

- Part of dancing team in School. Participated in 2 dance competitions.
